# Message

The final year is a crucial period where you will further refine your clinical skills, deepen your understanding of advanced dental procedures, and gain an understanding of preventive dentistry and research. It is the time to prepare for the transition from student to professional. This phase is a stepping stone toward your future in dentistry, and I have confidence that you will not only meet but exceed your expectations.

Continue approaching your studies and clinical work with passion, integrity, and a patient-focused mindset. Embrace this phase with enthusiasm, curiosity, and a commitment to excellence. Additionally, continue to seek guidance from your teachers and clinical instructors, as they can provide valuable insights and support to help you succeed.

I look forward to witnessing your continued success in the field of dentistry. Congratulations on reaching this significant milestone, and may this final year be filled with enriching experiences and valuable insights that will shape your professional journey.

Best wishes for a successful journey in this final phase and your future life.

Warm regards,

Dr. Towhida Ahsan
